

The mission of Rocky Mountain OPTI is to exceed the highest standards of excellence for osteopathic postgraduate training.

Early-bird pricing for the Teaching with Technology Conference

Teaching with Technology Conference | Oct. 6-8, 2017 | Baltimore, MD USA

Incorporating technology into your teaching involves much more than learning how to use a specific piece of software. It's about exploring the relationship between technology and pedagogy—starting with what you want your students to know and be able to do, and how technology can support and enhance their learning.

Join the Teaching Professor in Baltimore, Maryland, October 6-8, for the 2017 Teaching with Technology Conference to learn effective strategies and techniques for leveraging instructional technology in the college classroom. The conference will help you create a more engaging learning experience whether you teach courses that are face-to-face, online, blended, flipped, or all of the above. Best of all, you'll be learning in a collegial, cooperative climate alongside colleagues who share your commitment to a more mindful approach to integrating technology.

Early-bird pricing ends April 14.

The conference program features two provocative plenary speakers, a full slate of preconference workshop facilitators, and a top-notch roster of invited and selected presenters—all who will set the tone for learning and engagement.

The plenary sessions are:

Teaching, Learning, Technology, Memory, and Research—Oh My!
Presenter: Peter E. Doolittle, Virginia Tech

The Importance of Critical Thinking in this Post-Truth World
Presenter: Julie Smith, Webster University

The preconference workshops are:

Engaging and Collaborative Formative Assessment Using Digital Tools
Presenters: Trish Harvey, Karen Moroz, Vivian Johnson, and Bill Lindquist, Hamline University

Teaching Strategies and Technology Tools to Engage Students in Online, Flipped, and Blended Courses
Presenters: Barbi Honeycutt, Flip It Consulting, and Sarah Glova, Reify Media

Creating Your Online Classroom—Look, Feel, Function
Presenter: Deidre Price, Northwest Florida State College

Avoiding Death by PowerPoint: Engaging your Learners in the 21st Century
Presenter: Julie Smith, Webster University

Register today and then join us in Baltimore's bustling and picturesque Harbor East neighborhood from Oct. 6-8. Prices increase in 9 days.
